Flag: Follow up

Dan,

You helped me a couple of years ago on a a well that had been paved over by WF Builders. We have had another well paved over and this well is vital to the ongoing work for the site. The well is on Virginia Ave, north of West Morris. I have attached a figure showing the rough location. The well was last sampled in mid-2018. I have also attached a picture of the well location.

Could you please call me or direct me to who I need to discuss this issue with? My cell, 707.246.5399, is the best way to reach me. Thank you.
